Dedication

DEDICATION

To all the boys who have attended Scotts Hill High School and who are in the Service of our Country, fighting on land, on sea, or in the air, willingly giving their all, even life itself, that we may continue to enjoy the rights of "Life, Liberty, and the Pursuit of Happiness". We sincerely and affectionately dedicate this book to them, who shall never be forgotten.

Senior Class History

We, the Senior Class of 1950-'51, entered high school in 1947 with forty-three students. We were limited with knowledge, but it didn't take us long to leave the green years behind.

Through the years we have gradually lost twenty-three of our classmates. Some have gone to other schools, married or entered the military service.

Our class has three boys that play basketball. Junior Rogers, Odell Lemons and Welton Camper. They are all excellent players.

Our girls aren't as athletic as our boys. We have only one girl, Louise Dunavant, who goes out for basketball. She was one of the outstanding guards this year.

We are proud to have Dorothy Jo Johnson the most beautiful girl of S.H.H.S. She won over many of our school's beauties.

Joan Clark, another beauty of our class, was elected as Future Farmer Queen of 1949-'50.

Finally we are Seniors. We can truthfully say we have enjoyed ourselves here at old Scott's Hill High. May the following students and friends have as much happiness as we have had here.

Even though we have lost so many of our classmates, we will watch the final curtain fall and remember those who have missed what we have had in the past four years.

Senior Class Poem

LET US ADMIT IT

Let us admit it fairly as high school Seniors
should:
We've had no end of lessons, and they've done us
no end of good.
We entered as timid Freshmen, we leave as graduates
bold,
And we find it hard to realize the knowledge our
young heads hold.

Let us admit it fairly as high school Seniors
should:
We've had our foolish notions knocked higher than
Franklin's kite;
Our minds have been made over, and we know it
served us right.
We've spent four years in labor hard to prove the
fact once more
That life is quite confused, and two and two are
seldom four.

Let us admit it fairly as high school Seniors
should:
We're crammed to the brim with learning, and now
we must turn it to use,
And if one of us is a failure, he hasn't a single
excuse.
The more we work and the less we talk the better
results we shall get,
For we've had four years of training; it may make
us successes yet.

Let us admit it fairly as high school Seniors
should:
We're proud of Scott's Hill High School; it's done us
a lot of good.

Class Prophecy

This, the year 1961, as I was traveling across the country as a newspaper correspondent, I chance to meet these graduates of the '51 class of Scotts Hill High School.

As I was window shopping on Fifth Avenue in New York City, I was very much surprised to meet Junior Allen and discovered that he had traded his French harp for a monkey and organ grinder. He seemed to be doing a good business.

I stopped over for a night in Ohio when I learned Hortence Buck had married Joe Smith and settled down on a farm there. She seemed to have perfect control over their five lovely children.

I attended the Kentucky Derby and found that the horse I bet on was ridden by Jockey Welton Camper. No wonder my horse won!

Someone told me that Louise Dunavant had married James Lewis Williams and they were very happy raising tobacco on a large plantation in North Carolina.

As I sunned myself on a Florida beach, I discovered a beautiful brunette (Dorothy Jo Johnson) who told me that she had just won the bathing beauty contest as "Miss Florida" for 1961.

Coming back to the old school, I found as principal, not "the thing", but Professor Odell Lemons. He made a perfect schoolmaster.

Journeying over to Sardis, in the prospect community, I saw Betty Marie Millner now married, but still running her beauty shop.

As I stopped for gas at Reagan Crossing, Earl Rhodes and his wife, Janice, told me they were running a very thriving service station.

Going on to Arkansas, I stopped at a city library and on a shelf were several books written by Geneva Western. Inquiring further, I discovered she was married to Bob and writing novels only for a hobby.

After reading in the newspaper that Junior Kelly had just struck another oil well, I stopped there to see him and much to my surprise I discovered he had now become a millionaire.

Traveling on to Kansas, I stopped in the Chandler Insurance Co., and there behind the secretary's desk was Mary Joe Pierce, now Mrs. Chandler.

My next stop was Colorado. There on the big stage of the opera house was Edward Moody with his own orchestra.

As I took a plane from Kansas to Montana, I found Geraldine Martin as airline hostess for the American Air Lines. She saw that I was very comfortable on the plane.

While in Montana I learned that Jammie Goff was sheriff of Helena. After talking with him I knew the reason the town was so quiet and peaceful. He kept strict order with his two six-shooters.

Traveling on across to Washington, I came upon Junior Rogers who now owned a lumber company, but took time off each season to be on the All-Star American Basketball Team.

As I came to California, there I saw Joan Clark's name on all the billboards. As I inquired further, I learned she now was stepping into the place of Hollywood's lovely actress, Hedy Lamarr, who had retired. After seeing her movie, I knew Joan was even better than Hedy.

Coming down to Oregon, I stopped off at Portland. There chasing down the street was Lois Montgomery. I later learned that he wad dog catcher for "Pluto's Hot Dog Counter".

I was telling Miss Blevins this story of her class when she informed me that she was now tutoring the President's children in the White House.

Junior Class History

We, the Junior Class, entered our Freshman year in 1948 with an enrollment of forty-two. We were the best class that ever entered at Scotts Hill, we think---------. We endured the initiation, which our upperclassmen gave us, bravely and with a smile.

Over the years some of our classmates married, some moved away and some decided that they just couldn't take it until we now are a small but happy class of twelve girls and sixteen boys.

Several members of our class went out for basketball and surprised everybody by becoming all-stars.

We joined F.F.A., F.H.A. and 4-H Clubs. We helped with all the school activities and have enjoyed a well-scheduled school life.

We're looking forward to being DIGNIFIED SENIORS. We will always treasure in our hearts the memories of the happy school days we had at old Scotts Hill High.

Sophomore Class History

The Sophomore Class of 1950-'51 entered high school in 1949 with forty-three enrolled. Since that time, our number has decreased to twenty-one. Some of our girls left school to be married, and several other students are now attending other schools.

We had eight girls, representing the Freshman Class, out for basketball last year, but we have only two this year. Peggy Sykes from our class was on the first team last year and also this year.

Our initiation was fun to everyone but us.

With the starting of school again, we received a new name. Because of our skill in acquiring the customs of the school, we were renamed Sophomores.

And now a strange thing happened. Remembering the scorn with which we had been regarded the past year, we now adopted the same attitude toward the incoming strangers who took over our places as Freshmen.

The routine of the classroom was familiar and we found studying easier than before. Rushing forward into the fastness of the Sophomore mind, we found strange things. We are looking forward to greater things in our next two years, and to becoming more familiar with the now seemingly unfamiliar.

Freshman Class History

We entered high school in 1950 with a class of forty-six members.

Everyone thought we were dumb at first, but we soon caught on. It was different from our former years, but we soon found out where we were supposed to be and what we were to be doing.

Our initiation went off with a BANG! "Red" Arnold surely can carry a gun. Wonder if he can shoot it? The bride and groom were there, but it happened they weren't married. How about that Mary Evelyn Powers and Margaret Minton?

We thought Peggy Rhodes was going to get married, but it happened that he had to go to the army.

We have talent in our class, too! Junior Willis plays the guitar and sings very well. Peggy plays the piano.

We are all looking forward to finishing high school with high honors.
